

Directions for installing and using the Zoom program on either your computer, tablet or cell phone.

- 1) On your computer go to simply zoom.us, once there click on join meeting. There will be prompts for installing the zoom extension on your computer web browser. Once you have installed the extension click on JOIN MEETING. Enter the meeting code then the meeting password. Wait a few seconds to be accepted to the meeting.
- 2) On your cell phone or tablet go to your respective app store (Google or Apple Play) Search for the Zoom app. Once you have installed the app, tap the app to start it. Click on JOIN MEETING. Enter the meeting ID and the meeting password. Wait a few seconds to be admitted to the meeting.
