INSURANCE UPDATE

ATV Trail Liability Insurance Program

Following Risk Management's notice of a liability insurance requirement for Clubs, it has come to our attention that the ability to purchase insurance is limited or unavailable at this time. Due to this, Risk Management in addition to insuring the Landowners, will also insure the Clubs for claims resulting from recreating, (ATVing). This change is immediate and shall be in effect for the remainder of this insurance policy term, January 1, 2023.

Risk Management is working closely with ACF, ATV Program to assist and provide Club's guidance on the type(s) of insurance recommended and how/where to purchase.

Please note, the insurance program under Risk Management is separate from the Landowner Liability statute. The Landowner Liability statute has not changed and is not impacted by Risk Management insurance program changes.

If you have any questions with regard to this insurance program, please contact Risk Management Division at 1-800-525-1252.

Sincerely,

Risk Management
