

# Madawaska Valley ATVenture Club

P.O. Box 265 Madawaska, Me. 04756

August 6, 2020

We have been having a good riding season so far. I know that there is a lot of dust out there, but I wish that we could get some rain so that some of that dust would go away. I know that the best riding time is coming soon when the leaves will be changing colors. This is the best time to ride.

If you are out riding and you see a problem in the trails, please give me a call, because I have only been out riding a few times and can not see every thing.

I have complaints of noise and speed in town. What we have here in town is a privilege and we could lose the right to ride in town. I want all of you to spread the word out the speed, in town is **10 mph on all streets**. The Access to town is to go eat and get gas for your ATV's and it is not use as your vehicle to do your errand and the law says that ATV Access is to get to the trails.

Let's all work together so we do not lose this privilege to access the town. **WE NEED TO POLICE OUR-SELF** or we could lose trails.

**The next meeting of your club will be on August 11, 2020 @ 6:30pm at the Four Season Lodge.**

We would like to see some new faces and bring a friend with you. There is only so much that a few of us can do, it would be nice to have new ideas from some of you. The officers can only guess what you want to be done.

Sincerely;

*Real Deschaine*

## Trail Report

I work to get a trail to Corner Quik Stop and Pelletier Island. DOT has put up ATV ACCESS signs from Fongemie Road to Lake Shore Road for those that need to get to Pelletier Island.

For those of you that have been on the new trail from Fongemie Road to Beaulieu Road, I hope that you like it. We have been working on the trails, so be careful when you are out riding.

**This month, we will be doing a big job in the power line from Grand Isle coming toward St. David and we will have trucks and equipment in the trail, so be careful if you are out riding in that trail.**

To all club members, I still have a few maps that came out last year. The map has trail starting south of Caribou and Portage going all the way North covering all the ST. John Valley. I have a map for all my members, but I will not be mailing these maps out due to the cost. The maps are free to all club members and a \$3.00 cost for non members. I will have some at the next meeting or you can see or contact me if you want one. I know that it is late in the season, but these maps are good for two years.
